CHICAGO, July 15 .- The striking meat cutters' and butchers' workmen this afternoon returned an answer to the letter formulated at vesterday's joint conference, setting forth the basi, on which the packers were willing to arbitrate.

The substance of the reply made public by President Gompers, of the American Federation of Labor, is a refusal by the strikers to submit to arbitration on the packers' terms. The reply renews a demand for reinstatement of 211 the striking members of the unions involved, and for wage scale equalling that in the agreement which expired May 28.

The reply, it was said this afternoon, could hardly be acceptable to the packers, and it was feared that unless some new proposal is made there will be no further joint peace conferences. The packers, however, have conented to again meet the labor leaders ..

One thousand more non-union men were imported into the yards this morning, making 4,000 in all now at work. Every plant killed cattle, sheep and hogs on an extensive scale. The receipts were larger than those of Friday of last week, consisting of 3,000 cattle, 8,000 sheep and 8,000 hogs.

The strikers made no effort to interfere with deliveries of fresh meat and the filling of local orders was uninterrupted. There was no sign of rioting. The police guard in various parts of the district was doubled and pedestrians were ordered to keep moving.

Louis F. Swift, of Swift & Co., said: "We are getting men right along and ail our departments are working. We are turning away unskilled labor, having secured our full quota, and are not worrying about the settlement."

MOB ATTACKS KOSHER BUTCHERS IN NEW YORK

The first ripting to grow out of the big strike of the meat handlers occurred in this city this afternoon, and, vuriously enough, neither union nor non-union men had any hand in it. It was a fight among the kosher buschers and certain of their fellows who tried to break an agreement made at a meeting last night that none should buy from the slaughterers until the price goes down to the normal figures.

The kosher slaughter houses are in Forty-fourth street between- First avenue and the river. Yesterday prices went up from eight cents to 10 cents a pound for choice cuts of kosher meat. The three thousand koshar butchers in New York called a meeting last night at No. 56 Orchard street and passed a resolution to which all subscribed that not one among them should buy until the price came down again.

MEAT TAKEN FROM HIM.

In spite of the solemn assurance that each man gave, the managers of the movement thought it well to picket the kosher slaughter-house district. and this afternoon there were some 200 men on Forty-fourth street on the lookout for traitors. A butcher who keeps a shop in Allen street, but whose name is not known, was caught coming out of Guggenheim's establishment with a big load of beef. It was promptly taken from him, he was
